

# European Day of Languages

On Friday 25<sup>th</sup> we had a European Day of Languages. In classes One and Two we had Spanish, in Class Three we had French and in Class Four we had Dutch. Classes One and Two located Spain on a map, listened to Spanish music and tried to do some Spanish dancing - I bet that was fun!

In Class Three they painted pictures of the Eiffel tower in DOTS! Then they learned some more French... *Bonjour, Je m'appelle* Katie!!! In Class Four we made windmills and learned a few words in Dutch. After that we all came together in the hall to show each other what we had done. Then we had different tables with different foods on each table - we could buy the different foods from the table and each table was themed on all different countries.

Over and out
