Art:

Fireworks

Today's challenge is to make a firework.

I hope you got the reminder about a cardboard tube – toilet roll or kitchen roll.

I would like you to be as creative as you can and make a firework craft that will be displayed on our Firework Maker's Daughter display in class.

Don't worry if you don't have the craft resources, I have put a firework template for you to decorate and make in your pack.

I can't wait to see them! Thank you for all of your hard work this week, I am very impressed. Have a lovely break over the weekend!
