

Geography

Hi everyone our geography lessons this half term will be linked to our novel Kensuke's Kingdom. We have just read Chapter 1 and are finding out that Michael is about to set sail on a new adventure around the World. You will find out more in Chapter 2 that the first place he visits is La Coruna.

Can you answer the following questions about La Coruna below?

1. Where is La Coruna?
2. What makes La Coruna an interesting place? (What attracts people to visit?)
3. What is the climate like throughout the year?
4. What other information can you find out about the place?

You can use the following website, which will provide information to answer your questions.

I look forward to seeing what facts you find out about the place!
