Red Group

Hi Class 4. Below is more work based on negative numbers. Please do your best and if you have any questions please just ask.

1) Here is a number line. Each arrow is the position of a number.

C is a negative number between -2 and -8.

B is 9 less than C.

- a) What could the values of B and C be? Find all possibilities.
- b) A is 10 less than B. What could A be? Find all possibilities.

- 2) Each alien has started from a number and worked their way up the maze to the finish line.

Finish							
-15	-19	-10	-9	-28	-33	-31	-29
-22	-16	-17	-17	-29	-25	-23	-25
-17	-8	-15	-13	-15	-25	-22	-19
-16	-17	-8	-11	-11	-16	-21	-16
-15	-9	-9	6	-1	-17	-13	-10
-2	-12	-7	8	-13	-10	-7	-8
-4	-3	-9	-5	-9	-7	-6	-6
-1	15	-6	-3	12	-5	-4	7
Start							

- a) Can you find each alien's correct route? You can move horizontally, vertically or diagonally.

Look for numbers counting backwards in steps of 2.

Look for numbers counting backwards in steps of 3.
