

# Calculate Area

Interactive Powerpoint

Area measures the surface inside a shape.

$$7\text{cm} \times 3\text{cm} = 21\text{cm}^2$$

Area measures the surface inside a shape.

$$5\text{cm} \times 4\text{cm} = 20\text{cm}^2$$

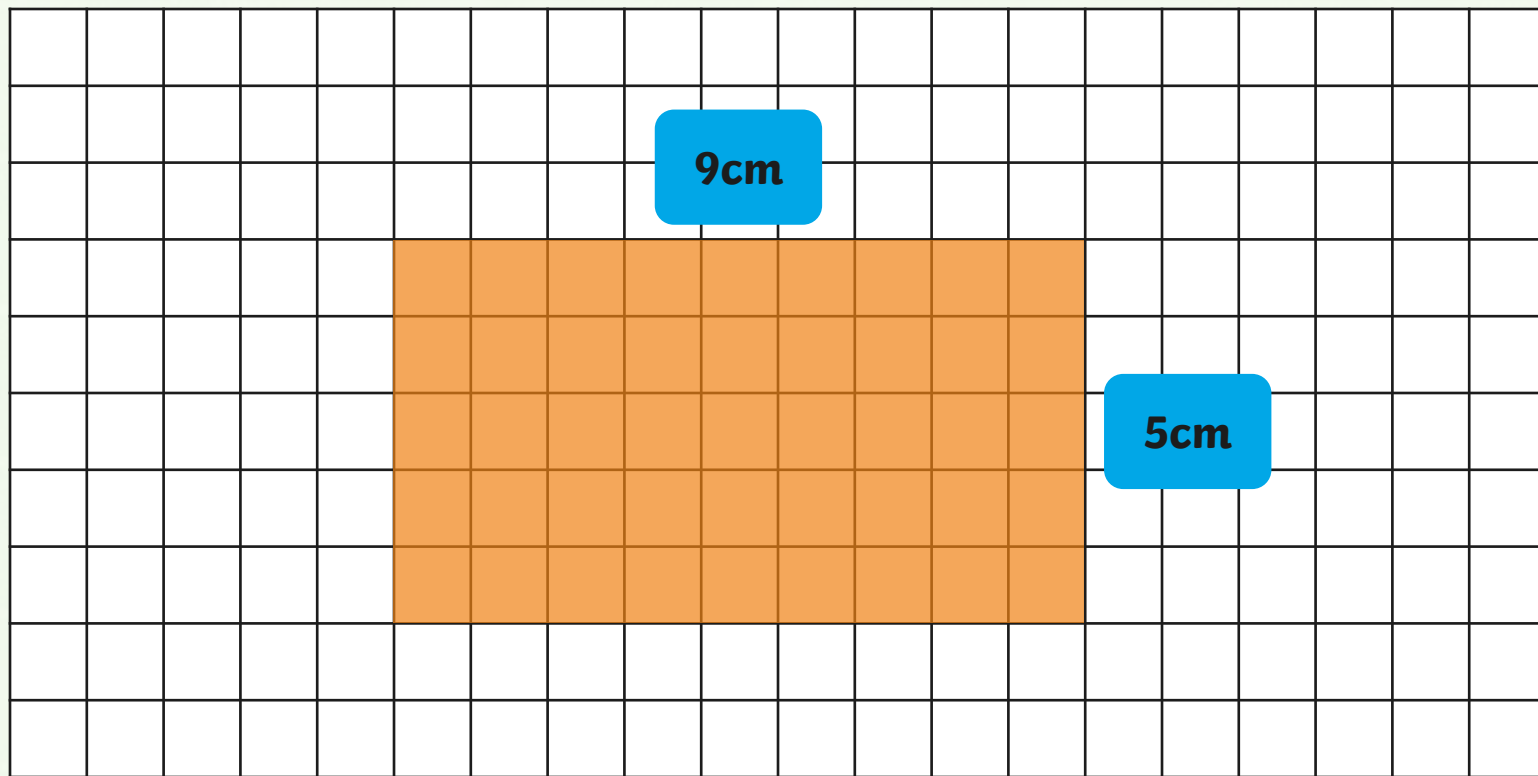

Area measures the surface inside a shape.

$$9\text{cm} \times 1\text{cm} = 9\text{cm}^2$$

Area measures the surface inside a shape.

$$9\text{cm} \times 5\text{cm} = 45\text{cm}^2$$

Area measures the surface inside a shape.

$$5\text{cm} \times 6\text{cm} = 30\text{cm}^2$$

Area measures the surface inside a shape.

$$6\text{cm} \times 6\text{cm} = 36\text{cm}^2$$
