

23.2.21 LO: To be able to describe and explain sound sources.

Look at some sounds below. Draw a picture to show what is vibrating. Explain what is vibrating to make each sound. One example has been done for you.

Sound	Picture	What is vibrating to make the sound?
A drum		The skin on the drum vibrates (moves up and down quickly) when it is hit and it makes a sound.
Tuning Fork		
People's voices		
Guitar		
Twanging an elastic band
