## Design Technology

Hi everyone,

Today, if possible, I would like you to build the shelter that you designed last week. You can either use items found around your house or if it is dry you could collect some twigs from your garden or when you are out on a walk.

It is up to you how big you would like to make your shelter. You could make a tiny model, photograph it and send it to us via email or you could make something on a larger scale!

Either way, I can't wait to see what you come up with! Be as creative as you like!
