

Friday

Maths:

Red group

Please complete the Valentine's operation mosaic.

As we are celebrating Valentine's Day following Finland's tradition of friendship, I thought it would be good to complete a practical maths activity today.

If possible and if you have the ingredients, I would like you to follow a recipe and use your measuring skills to weigh and measure ingredients today – **with a supervising adult!**

I have provided a recipe card to make gingerbread biscuits.

However, I appreciate not everyone will have all of the resources so please follow any recipe you want and remember to have fun!

I would have loved to have tasted all of your baking but I'm sure a photo of you enjoying yourself in the kitchen will make up for that instead!

Please remember to continue chanting your times tables and using Times Table Rock Stars and playing Hit the Button over half term!
