

Friday

Maths:

Red group

Multiplication word problems

Please complete the word problems using multiplication – you can use the squared paper to help you set out each question. Remember to read the questions carefully as some of them have more than one step. For question 8 and 9 I would like you to create your own multiplication word problems.

Now complete the times table colouring challenge.

Please remember to continue chanting your times tables and using Times Table Rock Stars and playing Hit the Button
