Red group

Time

This week you are going to be working with time.

Today you are going to learn Roman Numerals 1 – 12 as these are still used on clock faces.

Please use the code **RM6729** on Twinkl Go to view the PowerPoint explaining what Roman Numerals are and what numbers they represent.

<https://www.twinkl.co.uk/go>

Please complete the activities in your pack for today using Roman Numerals.
