Non – chronological reports

### Blue group

1.

I would like you to watch the video on BBC Bitesize about using the present tense and complete the activities in your pack about tenses.

Today you are going to plan a non – chronological report about volcanoes.

A **non-chronological report** is a text which isn't written in time order. They are normally **non-fiction** texts which give information on a subject or event, without referring to the order in which things happen. Watch the video explaining what a non – chronological report is.

2.

Read the non – chronological report about rivers as an example.

The topic for your report is volcanoes. I would like you to fill in the plan for your report with all of the information you know about volcanoes and do some of your own research.

*Remember the important message from internet safety day to complete your research from reliable sources.*
