Non – chronological reports

Red group

1.

I would like you to watch the video on BBC Bitesize about using the present tense and complete the activities in your pack about tenses.

Today you are going to plan a non – chronological report about volcanoes.

A **non-chronological report** is a text which isn't written in time order. They are normally **non-fiction** texts which give information on a subject or event, without referring to the order in which things happen. Watch the video explaining what a non – chronological report is.

2.

Read the non – chronological report about rivers as an example.

The topic for your report is volcanoes. I would like you to fill in the plan for your report with all of the information you know about volcanoes and do some of your own research.

Remember the important message from internet safety day to complete your research from reliable sources.
